

Bald Eagle Farm

Est. 2023

Starbuck, MN

*Locally Grown Hydroponic
Lettuce + Herbs*

Brad & Stephanie Yost

Why Hydroponics?

- **Low labor overhead**

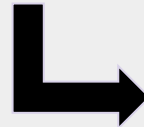

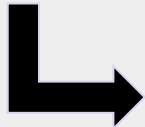

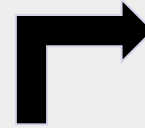

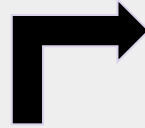

It is a business that we can operate and grow with our family while having minimal outside labor

- **Tested business model**

Multiple out-of-state family members are already successfully growing lettuce

From Seed To Harvest

Growth Progression & Succession Planting

Challenges

- Growing lettuce in the north in a greenhouse
- Alarm systems that work in the event of power failure
- Dealing with pests and diseases
- Spray drift from crop spraying

Things To Consider

Before Starting A Hydroponic Venture

- Establishing a support group of experienced growers
- Is there a market in your area?

Thank You!
